**On arrival, please tell the Receptionist that you are coming to All Health Matters. They may send you straight down to us at F22 or ask you to wait in reception depending on how busy we are.**

## By Train

**From: Stratford International – Royal Victoria** (Take the Beckton bound DLR)

- On leaving the train, cross over the footbridge, and follow signs for the “Emirates Airway” cable car.
- On approaching the road junction, the Emirates Airway terminal building will be across the road on your left, and the ‘Crystal’ (black glass building) will be across the road on your right.
- Cross the road towards the Crystal and walk down between it and the water along the cobbled footpath.
- Follow the path round to the right and see Nakhon Thai Restaurant ahead. Walk past the restaurant, under the arch and our building is on the left. All this takes about 3-5 mins from Royal Victoria DLR.

**From: Stratford International – West Silvertown.**

Turn right onto North Woolwich Road – this becomes Dock Road. Expressway Studios will be found at the top on the right-hand side.

**From: London City Airport or Woolwich Arsenal DLR – West Silvertown.**

Turn left onto North Woolwich Road – this becomes Dock Road. Expressway Studios will be found at the top on the right-hand side.

## By Car

\*We strongly encourage you to use public transport when travelling to your appointment as car parking is very limited. Should you need to travel by car, please see below for important parking information\*

**Current building work: If using a Sat Nav, our postcode will take you to the A13 exit. That end of Dock Road is currently blocked off due to building works. Please enter Dock Road via the entrance next to West Silvertown DLR.**

## PARKING

On site parking is available on an extremely limited basis in the visitors car park and we cannot guarantee a space will be available. Should you arrive and there is a space but the barrier is in place, please go to reception and ask for the key to unlock it before you park.

Other parking options - We highly recommend booking nearby parking in advance via one of the following sites\*:
